One Pass Check Production Solution.

AssurePay Check is the first step in the full process. Check batches are created, reviewed, approved, and printed directly within AssurePay Check. Implementing Blank Check Stock and using a MICR Printer, MICR Toner Secure, and Digital Signatures/Logos gives you an end-to-end secure check printing solution.

Create
Create the check batch file & upload to AssurePay Check

Approve
Review, authorize, and sign checks all within AssurePay Check

Print
Securely print approved checks to a TROY MICR printer with signatures & logos

Export
Positive Pay files are exported and ready to send to the bank

Designed and Built with Security in Mind.

State-of-the-art cloud-based application that is highly configurable, fast to deploy, and provides a low cost of ownership for all of your check printing needs.

Securely access AssurePay Check from any desktop, tablet, or even mobile device directly in the browser allowing for remote authorization of check batches from anywhere.*

*Printing requires a Windows compatible device.

- Recommended Resolution: 1366x768
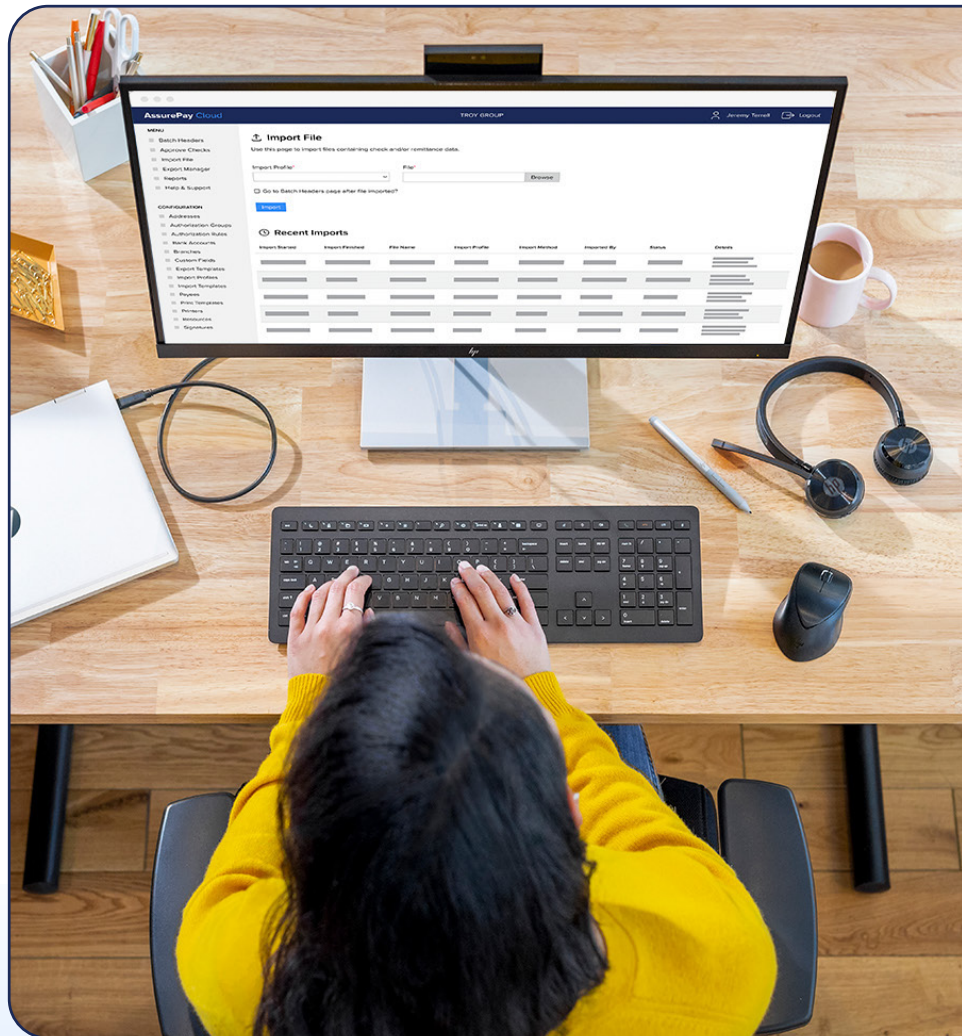

Need an on premise software solution?

While most businesses able to use cloud-based software, we understand that some cannot.
For these specific use cases, we do offer on-premise software with similar functionality.

Let's Simplify Your Check Printing Process.
