TROY ST-C5000 Secure UV Printer

TROY Secure UV Printers

Working collaboratively with major OEM printer manufacturers, we're able to enhance overall document security. This is done through close cooperation with these vendors to provide the optimal solution to secure your documents.

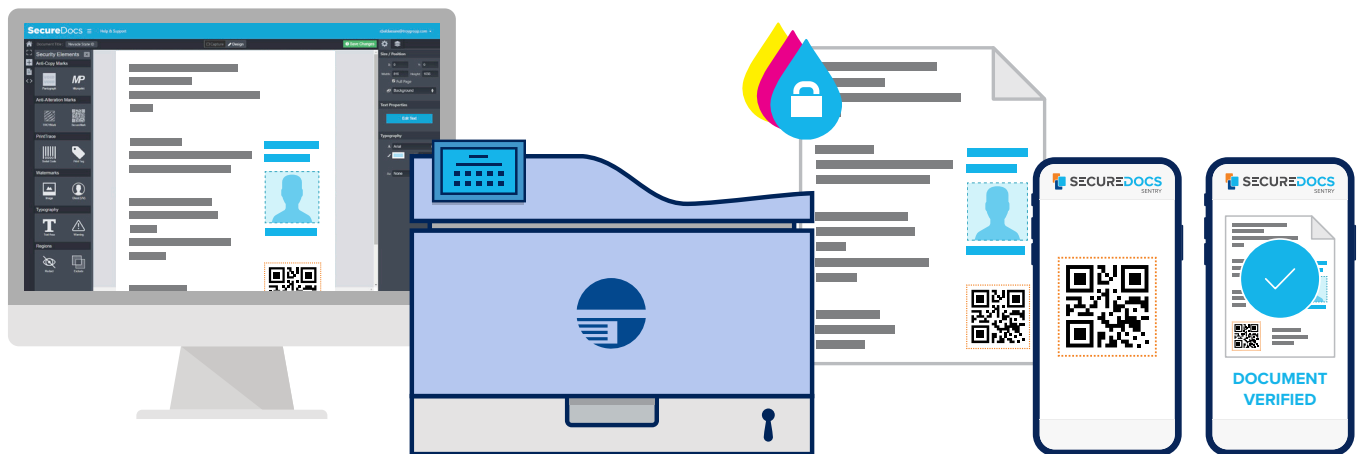

TROY Security Inks & Toners

Add a hidden layer of security to your high value documents. Make authentication easy and counterfeiting difficult by adding overt and covert layers of security that fluoresce with the correct UV verification light.

Combining software, hardware, and security inks & toners creates an end-to-end document security solution.

SecureDocs Sentry utilizes TROY UV Printers and Security Inks & Toners developed by TROY to create a complete fraud-resistant solution to secure any document.
